City of Tukwila has issued a Determination of
Nonsignificance (DNS) for the following project:

The City of Tukwila proposes to construct a consolidated Public Works Campus located along the Duwamish River. The consolidated site plan unifies five adjacent parcels, generally referred to as the West Campus and the East Campus. The West Campus includes an existing Fleet and Facilities Building, existing paved areas, and new covered parking. The East Campus includes several new structures, a covered Spoils drying area, covered Salt/Gravel/Sand storage, and areas of covered and open-air parking. A shoreline restoration project along the bank of the Duwamish River is also included in the proposal.
